

# More than cool.

## Online customer portal ready for your use

You will soon be able to access your current Enwave Chicago invoices, view and compare recent chilled-water consumption, and track your annual peak loads – right from Enwave Chicago’s new customer portal.

Please look for a **separate email** to follow that will provide your account number and password so you may use your desktop or tablet computer to access the portal through our web site – [enwavechicago.com](http://enwavechicago.com).

Once on the web site, click on the customer portal icon at the top right of the page (example shown above). Then enter the information provided to you in a separate email to access your account. If you have more than one building on our chilled-water system, you will receive separate log-in credentials for each building.

June invoices are now available for download via the portal, but hard copy invoices will still be mailed.

If you do not receive your portal access information by Wednesday, June 3, please contact [Jim Rylowicz](mailto:Jim.Rylowicz@enwavechicago.com), 312.447.1600 ext. 17.

**Questions? Comments? [Contact us.](#)**

You are receiving this email because you are a customer of Enwave Chicago, previously known as Thermal Chicago.
