### Introducing Enwave Chicago

With its purchase of Thermal Chicago now complete, Brookfield Asset Management (Brookfield) is the new owner of the chilled-water system in downtown Chicago and the district heating and cooling complex at a major Las Vegas hotel and casino.

And with the new ownership comes a new name for our company: **Enwave Chicago**. But there will be no change in the support and personnel from whom you've come to expect excellent service.

We will integrate our new name – Enwave Chicago – into our communications, business documents and invoices over the next several months. Our email addresses will officially convert to reflect the new ownership next week, with forwarding from the previous email addresses continuing until year-end.

At left are our new email addresses effective next week. Please add these new emails to your approved/safe sender list in your email filter.

Our mailing address and telephone numbers remain the same:

200 W. Jackson Boulevard, Suite 1310  
Chicago, IL 60606  
Main tel. 312.447.1600  
Fax 312.447.0316

Our web site will be updated as well and will link to a site featuring all of Brookfield's district energy assets. Brookfield currently has district energy assets in Toronto, Houston and New Orleans and will soon close on another operation in Seattle. Our new web address is [www.enwavechicago.com](http://www.enwavechicago.com).

It is an exciting time of transition as we embrace our new identity, Enwave Chicago. We're eager to share our brand and some exciting new developments with you in the months and years ahead.
